dealing with lab analyses	5	21
presenting results in the plenum	13	54
using the DCP-Model	18	75
working in international teams	20	83
others	1	4

Others: interested participants

## 6. What did you like most about the ISP-week?

- 1 Get to know students of other countries with the same study
- 2 working together with order international students
- 3 Dragonboat race and campus party
- 4 The activities organised for the whole group and the free time you had.
- 5 Meeting other people with different views on Dietetic knowledge
- 6 I enjoyed working in an international team and using the english language. I also think that working and having time on our own was in good balance.
- 7 Am besten an der ganzen Woche fand ich die Zusammenarbeit in den Zusammengewürfelten Gruppen. Die eindrücke und Informationen aus den anderen Ländern waren wirklich toll und spannend.
- 8 The people
- 9 Working with international colleges together to solve the tasks, exchange about nutritional issues and enjoying the learning experience! Working together and exchange with all the people of the project was absolutely great! THANK YOU for the chance of participation!  
-> Special thanks to the breakfast buffet, the chance for participating in the dragon boat race and work from Neubrandenburg to feeling welcomed with open arms and hearts
- 10 To work in teams and exchange knowledge
- 11 the social events!
- 12 working in groups and have interesting discussions
- 13 To learn about the other countries. Get to know people and discuss about the topics.
- 14 - mixed group work and one or two responsible teachers for the specific group  
- spend time together at the Tollensesee  
- openminded people  
- the organisation of recommendation, programme and food
- 15 Improving my english and dietetic skills
- 16 I liked most to work together with students from other countries. it was really a challenge to talk in English, but I'm proud how we managed it and at the end I loved talking in English and feeling comfortable with it. It was really interesting to get to know the study system in the other countries and their practical work and experiences. I'm very motivated now to go on with my studies and I see the importance and the benefit of international collaboration.
- 17 Working in an international team. Exchanging knowledge. Meeting new people.
- 19 to get to know students in dietetic from other countries and to practice my English.
- 20 - getting aware about the differences in the countries and how important it is to exchange about that  
- the dragon boat race
- 21 Talking English with each other was really exciting. Also working in groups with people from all different countries was challenging.
- 22 own teamwork, without teachers and the social events
- 23 I liked the international collaboration between the students. The work with the DCP was very nice and I learned a lot.
- 24 That I know now more about dietitians in other countries. The much fun we had all together. Improving my english and my dietetic knowledge. Learning more about working with a process model.

## 7. What did you like the least about the ISP-week?

1	-
2	The presentation that took place late in the afternoon, because the concentration and the hot weather.
3	The hot classrooms and the presentation later on in the afternoon
4	The presentation from Shelly wasn't really relevant to the subjects I felt like.
5	/
6	Before the ISP it wasn't really clear for me what the ISP is all about. Information about the objective of the ISP and the structure for preparation/ doing the cases could be better.
7	Nichts. Ich fand alles spannend.
9	see before!
10	Auf Grund des kompakten Terminplans war es etwas stressig. Und manchmal erschwerte die Sprachbarriere die Kommunikation.
11	the heat
12	the international work and working in an online platform
13	WIFI
14	The presentations - building lot, noises - the heat - can't get to know other teachers
15	The hot classrooms, sometimes it was so hot that i lost my concentration
16	Sometimes the timetable wasn't really clear for me and the preperation before the start of the ISP was a little bit confusing.  And I didn't like the lunch :/
17	The Wifi. The hard bed in the Hostel.
19	wifi the presentations on thursday, cause it wasn't always that clear
21	The time of the presentations was a little bit too long.
22	nothing
23	At first it wasn't very clear what the ISP was all about, but later it was fun.
24	I liked everything

## 8. What aspects of the ISP-week could be improved?

1	-
2	WIFI
3	The wifi connection and airco in the classrooms
4	More explanation at the beginning of the week. A clearer schedule maybe.
5	maybe the schedule, and be more specific in time-managing
6	instructions
7	Alles war wirklich gut durchdacht, nur manchmal hätten der Zeitplan etwas besser abgesprochen werden können
8	The informations beforehand
9	Making a platform for all the pictures for all the people Maybe do some raindance because of the hot weahter ;-)
10	All in all it was a good work.
12	-it was a good international work
13	DCP model
15	Everything was organised really good
16	I liked it:)
17	Telling the students what it is about beforehand. Give more clear instructions.
18	Wifi
19	DCP model
21	DCP model and planning
22	Room selection and room allocation
23	The introduction of the programme at the beginning of the week and also the beginning of the MOOC course.
24	Organisation, for example better rooms to work in

## 9. How did you like the ISP-week overall?

Answer	Absolut (n)	Percent (%)
😊😊 (A1)	20	83
😊 (A2)	4	17
😞 (A3)	/	/
😞😞 (A4)	/	/
